

## Rheumatoid Factor (RF), Recombinant

---

<b>Catalog number</b>	610185
<b>Description</b>	Recombinant rheumatoid factor (RF) monoclonal IgM expressed in hexameric form. Suitable for use as calibrator or control material, as well as in interference assays for autoimmune diagnostics.
<b>Product host</b>	Chinese hamster ovary (CHO) cell line
<b>Product formulation</b>	Liquid
<b>Product buffer solution</b>	20 mM sodium phosphate, 0.5 M NaCl, pH 7.2, 0.095 % NaN <sub>3</sub> as a preservative
<b>Recertification</b>	12 months
<b>Storage</b>	Storage at 2–8 °C
<b>Activity</b>	≥ 2000 IU/ml (Rheumatoid factor immunoturbidimetric assay)
<b>Protein concentration</b>	Lot specific
<b>Purity</b>	SDS-PAGE
<b>Cross-reactivity</b>	Does not cross-react with mouse IgG.
